

CABB offers a **Corporate Membership** category for those looking to enhance the return on their company's investment. With corporate membership, multiple brokers from one organization get access to CABB membership benefits at discounted rates. Additionally, as a corporate member, your organization gets enhanced visibility with your CABB member constituents and industry peers.

Benefits

- **Corporate Membership includes one membership for the primary agent.**
- Each additional member of the company receives a discounted membership fee of \$325.
- The company can advertise 'CABB Corporate Member' on their Web site, business cards, etc.
- **New!** Includes full membership with IBBA with benefits.

Requirements

- The lead member of the company must complete and submit the CABB corporate membership application form to CABB Headquarters with the \$499 membership fee.

Notes

- A "Corporate" membership applies to a single corporation or ownership entity. Therefore, if a corporation (or ownership entity) has multiple locations, then a single corporate membership is all that is necessary to provide the reduced membership rate to all associates at each location. However, individual franchised corporate offices require a separate application and appropriate dues fee.
- A corporate member may add associates to the corporate membership at any time but must pay the fee with a company check or credit card.
- If a company decides to take advantage of the corporate membership after July 1, they will pay a prorated fee.
- No substitutions or refunds regarding the corporate membership.
- If an associate leaves the employ of a corporate member, the discounted membership will not be renewed the following year unless they are a member of another company with a corporate membership.
- If an associate leaves the employ of a corporate member, they will retain their corporate membership through their paid-through date. Full dues will be required for the following year.
